THERE IS NO WAY TO KNOW HOW THCA WAS PRODUCED OR IF IT HAS BEEN CONTAMINATED.

THC HARMS YOUR BODY'S TIMING, MOVEMENT, AND COORDINATION.

WHILE HEMP DOES NOT HAVE A SIGNIFICANT AMOUNT OF THC, IT DOES HAVE THCA.

VAPING OR SMOKING CAN CAUSE INFLAMMATION AND IRRITATION IN YOUR LUNGS.

THE MARKET FOR THCA SUPPLEMENTS IS NOT REGULATED.

THC CAN CAUSE PERMANENT IQ LOSS.

JUST BECAUSE SOMETHING IS LEGAL DOES NOT MEAN IT IS A GOOD IDEA TO USE IT.

STUDIES HAVE SUGGESTED A LINK BETWEEN THC USE AND DEPRESSION OR ANXIETY.
