# **WHAT IS A LAW ENFORCEMENT OFFICER?**

Coloring and Activity Book

Law enforcement officers are men and women.  
They are community helpers just like  
teachers, doctors and firefighters.

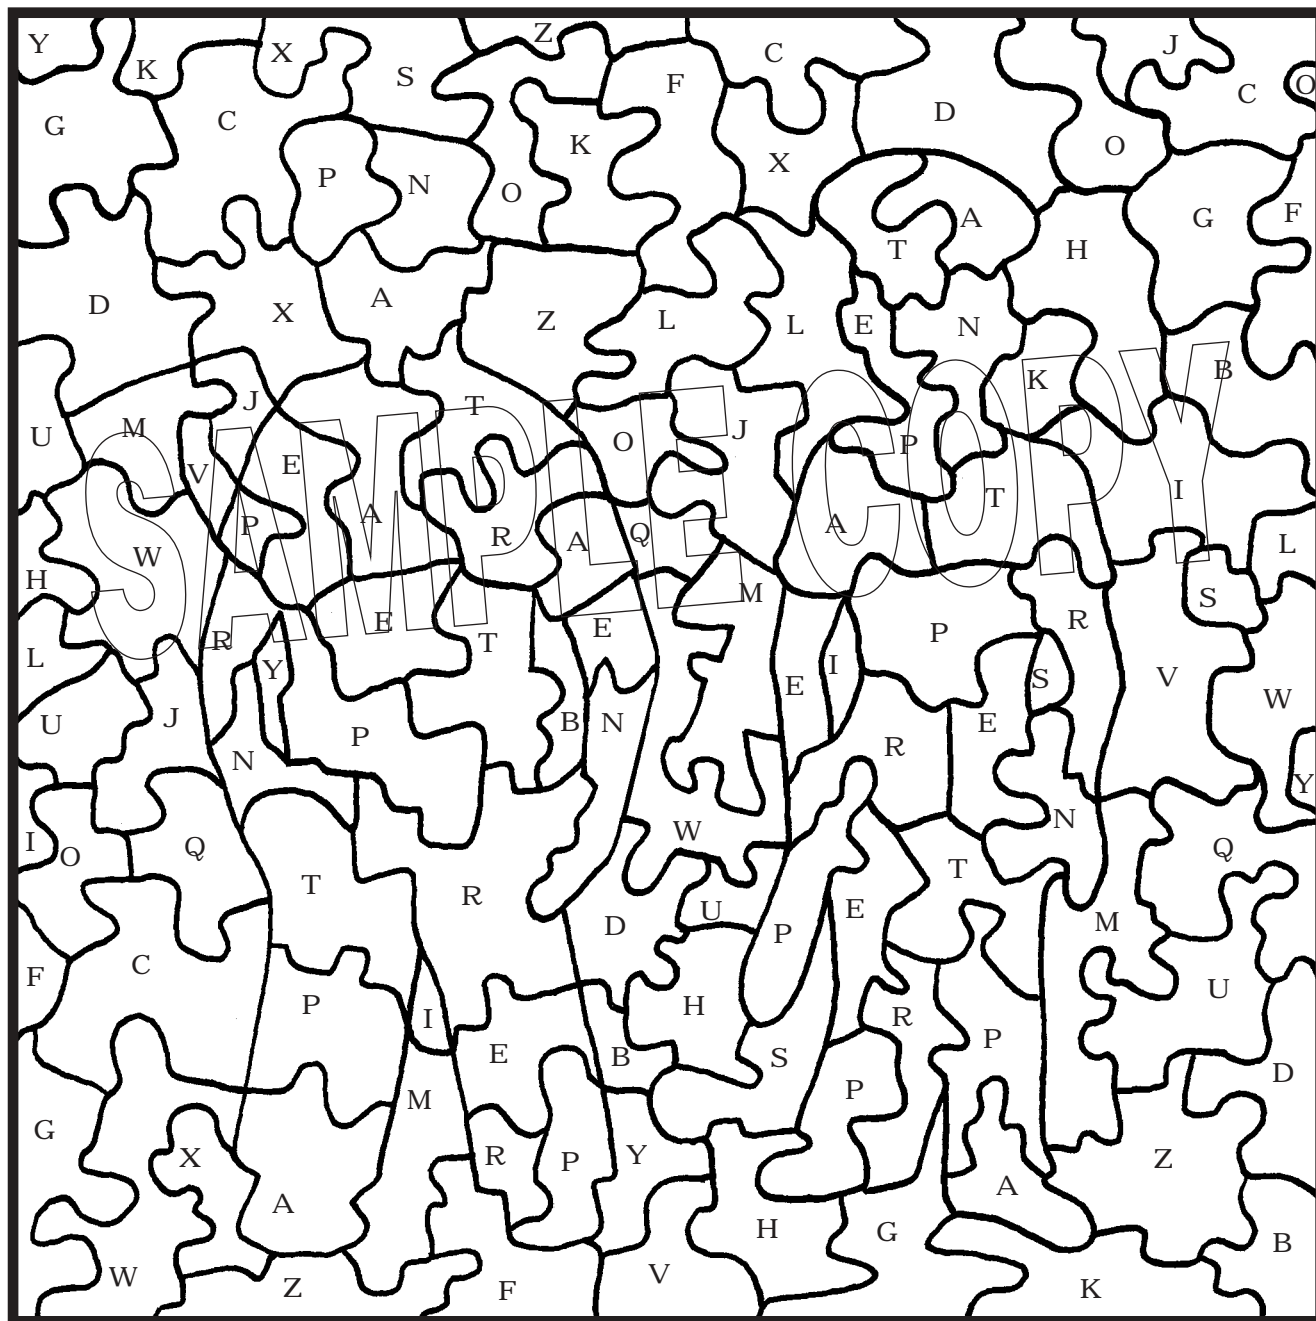

Law enforcement officers' special job is to make  
sure that everyone obeys the law.

Law enforcement officers protect us  
and make our neighborhoods safer.  
Many of them work with partners.

(Color in the areas marked P, A, R, T, N, E, and R  
to reveal the image.)

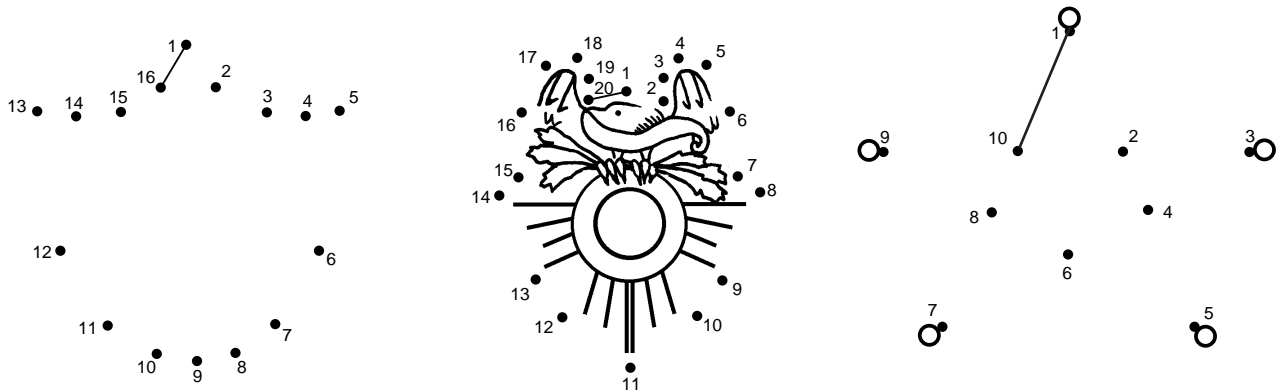

You can identify a law enforcement officer by his or her uniform. It might be blue, black, tan or green.

(Color in each of the 4 officers below with one of the above colors.)

A person in uniform is only a law enforcement officer if they are wearing a proper badge.

(Connect the dots to reveal the shapes of the different badges.)

Law enforcement officers wear special work belts to carry all of their important tools.

(Draw a line connecting the proper word to each item on the belt.)

two-way radio

pepper spray

flashlight

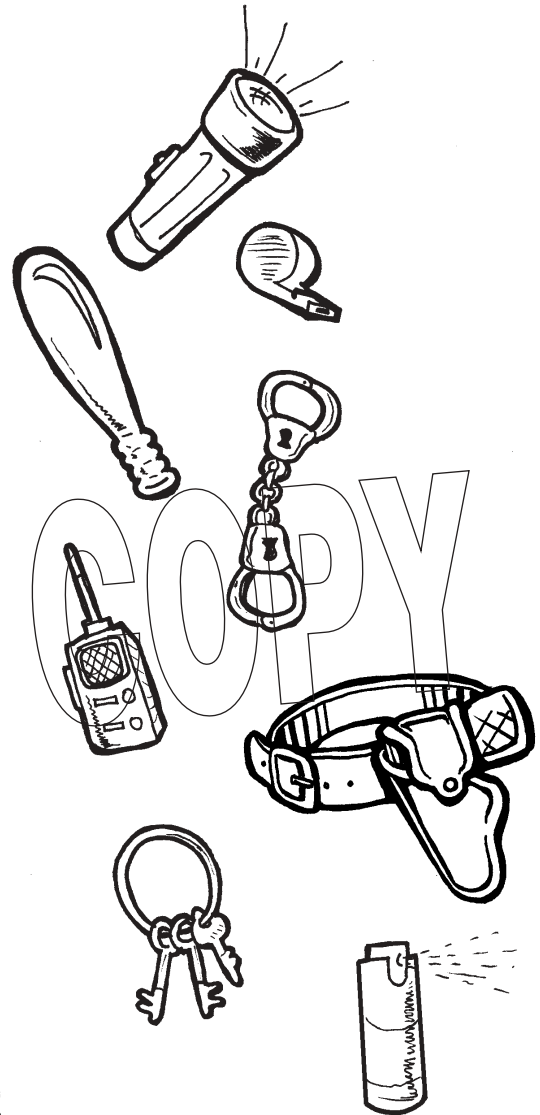

handcuffs

holster and gun

night stick

keys

whistle

Some law enforcement officers  
walk on the city streets.

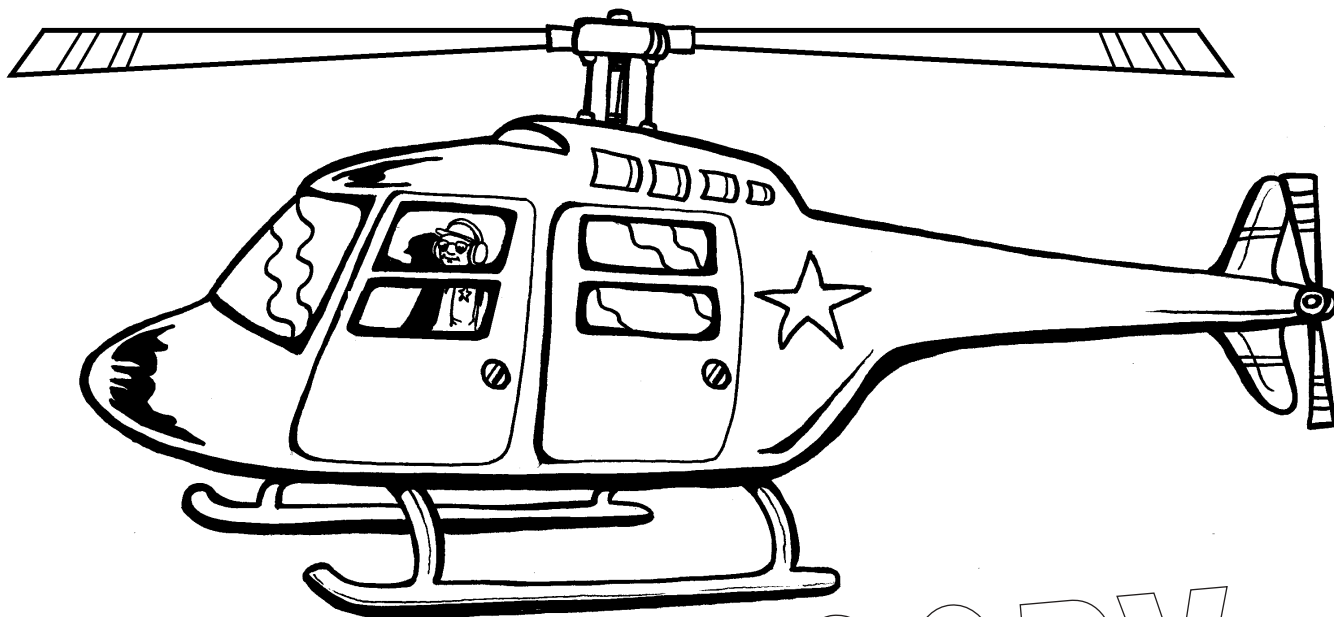

Some drive patrol cars.

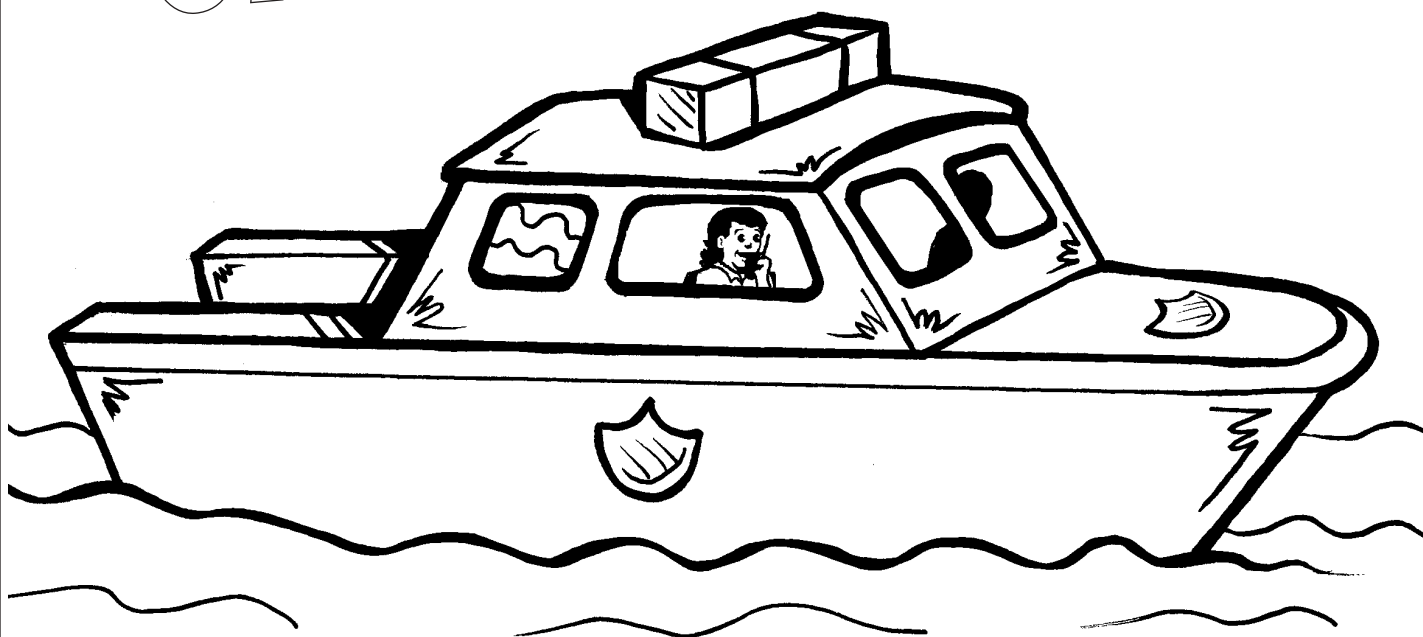

Some ride motorcycles.

Some law enforcement officers fly helicopters.

Some drive boats.

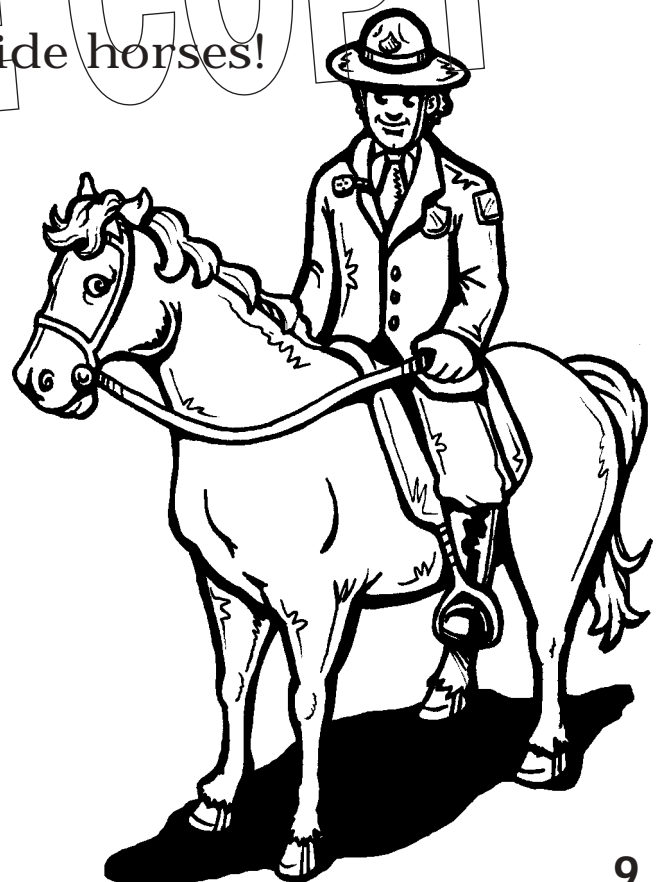

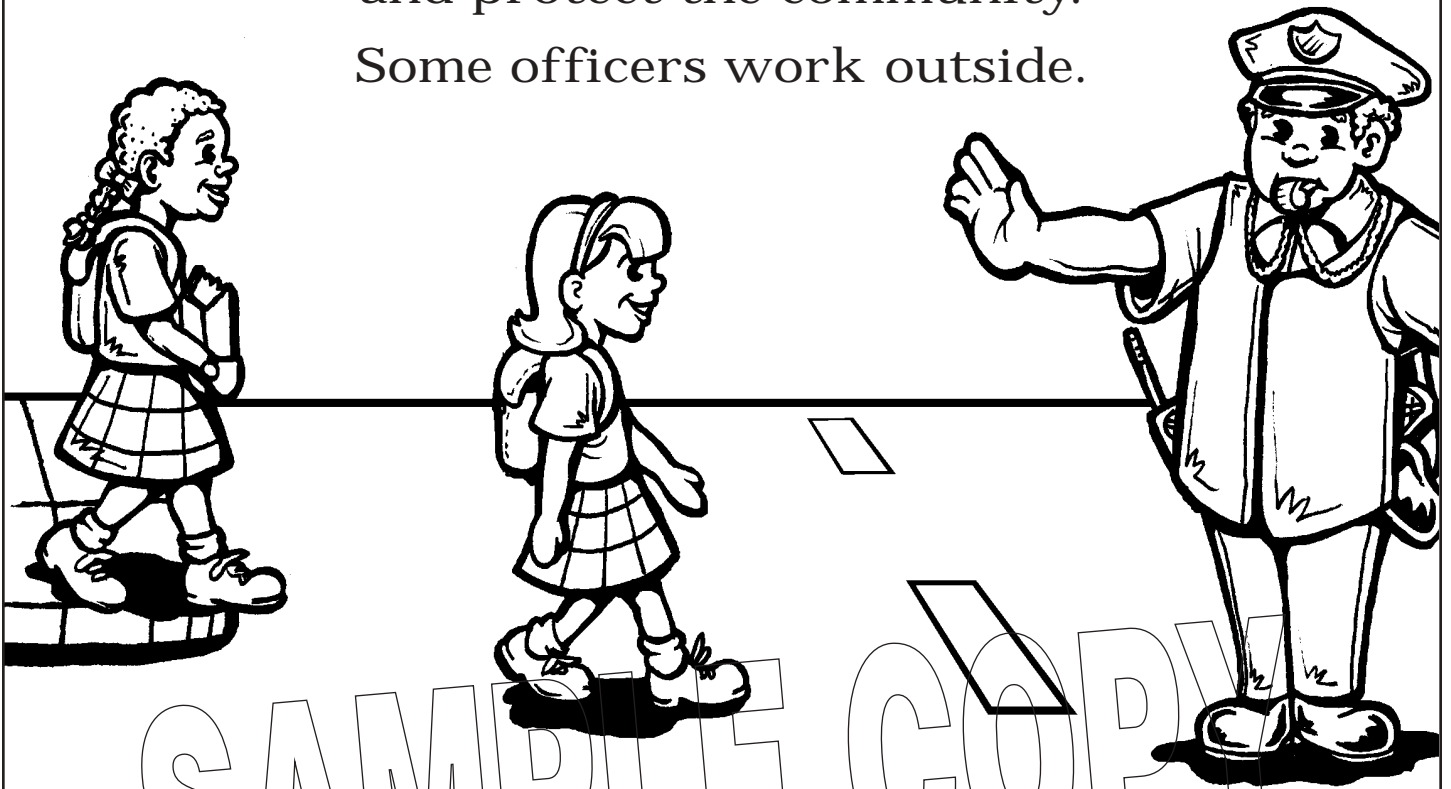

Some officers ride bicycles.

And some even ride horses!

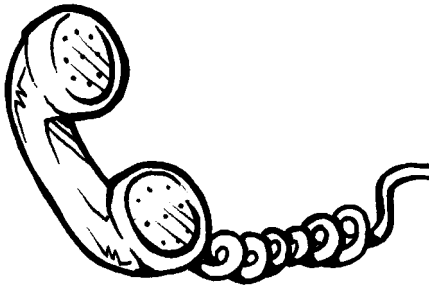

Law enforcement officers prevent crime  
and protect the community.  
Some officers work outside.

Others work inside  
at the headquarters or at their precinct.

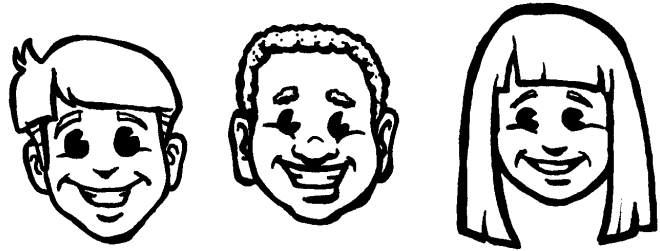

# LAW ENFORCEMENT OFFICERS...

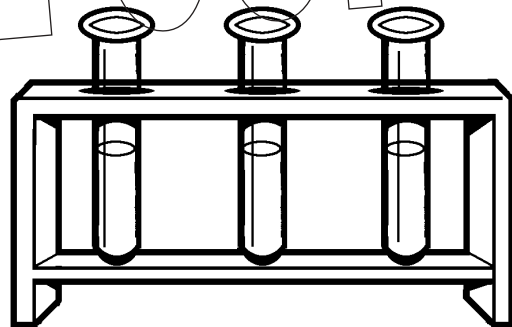

answer 911 emergency calls,

work with children,

work with K-9 partners,

work in laboratories,

and work with computers...

## ALL TO HELP PROTECT US!

How do people become  
law enforcement officers?

They go to a law enforcement school  
and do their homework!
