SETUP INSTRUCTIONS

1

Unpack and organize the pieces by section type.

2

Build sides with lower support. Match 1 to 1 and 2 to 2. Make sure all pieces fully inter-lock.

3

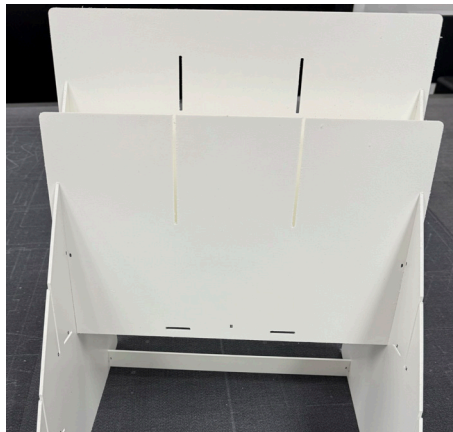

Slide the top back panel down into the slots. Match 3 to 3 and 4 to 4. Make sure all pieces fully inter-lock.

4

Insert the floor panel. Make sure all tabs are fully inserted.

5

Slide the next back piece down into the slots.

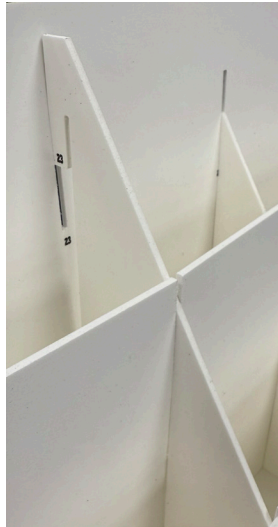

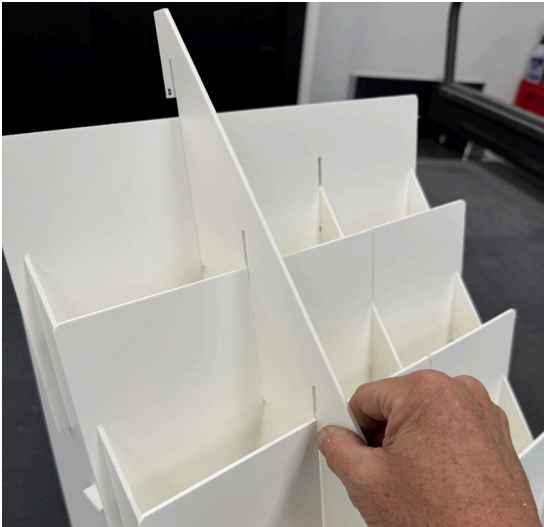

6

Depending on the center size, repeat the assembly process of the floor and back pieces. Make sure all pieces fully inter-lock.

SETUP INSTRUCTIONS

7

Install interior dividers.

Confirm dividers are all the way down and secured.

8

Finally, install the faceplate.
